No Short, Broken Leaves in

LIBERTY Is Real Long Cut Tobacco, Men!

LIBERTY is made from ripe, selected long leaves.

You know this is truebecause you find only long, silky shreds of tobacco in LIBERTY.

You do not find loose, hard stems or short cuts in LIBERTY - no short leaves, broken leaf or hard stems are used in making LIBERTY.

That's why LIBERTY is always slow-burning and cool-smoking in a pipe-why it holds together and lasts in a chew-and gives all 'round man-size enjoyment.

Long Cut Tobacco

Ageing pure Kentucky tobacco up to 5 years puts richness and snap and full body into LIBERTY that give hearty satisfaction, every puff out of a pipe and every smack out of a chew.

No wonder LIBERTY is the big favorite with men who want quality instead of a "big-looking" package. They know man's tobacco when they smoke or chew it. Go
